---

## SUMMARY

MERN Stack Developer fresher with hands-on experience in building full-stack and backend-focused web applications using React.js, Node.js, Express.js, and MongoDB. Strong in REST API development, JWT authentication, and debugging real-world issues using modern tools. Currently working as a MERN Stack Developer Intern and actively seeking an entry-level developer role.

---

## WORK EXPERIENCE

### Squash App Private Limited (Intern)

October 2025 – Present

- Developed 5 responsive landing pages using HTML, CSS, and Bootstrap. Built a full-stack Movie Ticket Booking web application. Worked on backend APIs, authentication, and database operations. Fixed bugs and resolved errors through debugging and documentation.
-
